INTENT TO PROMOTE

The goal of our Martial Arts School is to develop our students physically as well as mentally and spiritually. We feel that this student has made the commitment to learn all of the required curriculum for this rank. We also want to insure that this student has made the same commitment to the improvement of their attitude and behavior outside the Martial Arts School. Please take a moment to have this filled out by a parent and a teacher. Thank You!

BE A STAR: Not only is our Belt Exam designed to develop our student's self-confidence, but our BE A STAR Program also can do the same. What we do is schedule a time for myself, Master Brian Miller, to come in the class for about a 40 minute learning activity. I will teach about the principles of developing self-confidence to all of your students through storytelling and group communication. At the end, our shared student will get the chance to break a board in front of the class. If you are interested, place your e-mail address here_____, and I will contact you about setting up a time. Thank you.
